## SKILLS

### TECHICAL SKILLS

- C
- C++
- Web Development
- mySQL
- GIT and GITHUB
- Excel

### SOFT SKILLS

- Adaptability
- Team Work
- Leadership
- Creativity

### AREA OF INTEREST

- Game Developer
- Animation
- Data Science

## ACHIEVEMENTS

- Asian books of records
- District ThrowBall winner(Captain)

## OBJECTIVE

Computer Science student with strong programming and problem-solving skills. Eager to apply technical expertise and creativity to real-world projects while growing through continuous learning, adaptability, and teamwork.

## EDUCATION

### Bachelor of Science

Computer Science with Data Analytics

2023 - 2026

### KPR College of Arts Science And Research

Pursuing B.Sc. in Computer Science and Data Analytics. Gained knowledge in Python , C , C ++ and Data Structures and product development team.

### HSC

Saradha Vidhyalaya Mat.Hr.Sec.School

2022 - 2023

Completed Higher Secondary with focus on Computer Application and Accounting.

## PROJECTS

### Blind Vision – Assistive Object Detection & Distance Estimation System - TEAM PROJECT

Built a YOLOv4-based assistive tool with OpenCV for object detection and distance alerts. Integrated Flask and TTS for real-time voice guidance.

### Built a smart fire alarm system

Using C++ that detects fire via sensors, sends email notifications to the concerned person, and activates a cooling fan as an initial response mechanism.

## INTEREST

- Video Editing
- Sketching
